We are enjoying the spring weather in first grade. We made wind socks, and the kids colored pictures for Earth Day. We also picked up garbage around the school. The kids felt really good helping the earth. In math, we have been counting to 120. It's been kind of tricky using the Hundred Chart to count ahead by five and ten as well as back by fives and tens. For religion, we enjoyed the story of Zacchaeus. We sang the song and made puppets. Have a super end of the week in the Lord! April Showers...Bring May Flowers! Here comes May...

Dear Parents/Guardians of the 4th through 8th grade Girls and 7th/8th grade Boys:

St Paul Lutheran School will conduct a scoliosis screening program on Thursday, May 2nd. The purpose of the program is to detect possible curvature of the spine in children. If the condition is detected early and appropriately treated, progressive spinal deformity may be prevented. Traditionally, adolescents were screened only once or twice during their growth period. However, I strongly believe that because of the nature of the slow changes in scoliotic curving, our students need to be screened annually to ensure early detection of any changes.

The screening test is very simple and can be performed in approximately one minute. I will check your child's back by observing it while your child is standing and bending forward. You will be contacted if there is any reason to have your child examined by your health care provider.

Girls and boys will be screened separately to ensure privacy. To assure a view of the spine, we may request that students expose their backs during screening. At most we will raise the shirt to the mid back without exposing the front.

If your child is currently under treatment for a spinal deformity, please let us know, and your child will be exempt from the screening process.

Sincerely,

Jill Timm, MS, PT, LAT
Physical Therapist, Licensed Athletic Trainer
Regional Director, Wolf River Region of Orthopedic & Spine Therapy

Please sign below and return to the school office **only** if you do not want your child included in the scoliosis screening.

I do not wish my son/daughter to be included in the scoliosis screening.
